TESTIMONIALS

“When we opened our doors in Tempe, the Chamber of Commerce was one of the first calls I made. Not only has it connected us to hundreds of businesses in the area, but the Chamber has

also provided knowledge on relevant topics, the community, and political issues. One hears the word “advocacy” but does not truly understand the reach, and depth of knowledge of the Chamber staff until one sees them in action. Our business has grown by 35% and I attribute much of that to working with other Chamber members on projects or committees.”

Suzy Greenwood
Business Manager at
Arizona Tax Advisors

“The Tempe Chamber is a strong organization that provides a tremendous service to our business community. The Chamber's also done a great job of making our company very human in the community – letting people know that we give back.”

Jihan Cottrell

“Being involved with the Women in Business Council has taken me out of my comfort zone, in the best way. The educational and leadership events, put on by the WIB, have helped me grow professionally. I've also made great connections with other members in the local business community.”
